

# AIR2GO

## VALUE PACK!

**SAVE  
\$2000!**

### When You Buy All 3 Together!

This affordable and convenient package combines the power of the AIR2G2 324, featuring the AIR2G2 air inject process, with the AIR2HP handheld tool, bundled together with the AIR2GO shuttle trailer. The AIR2GO Value Pack allows you to quickly and easily move between treatment sites, from green to green or field to field.

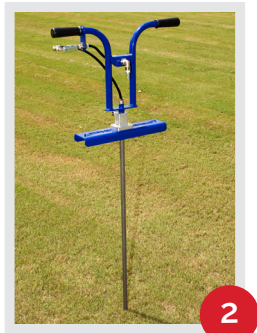

#### The AIR2GO Value Pack Includes:

#### AIR2G2 324

The award-winning air injection AIR2G2 324 powered by AIR2G2's air injection process to relieve compaction, increase porosity and force gas exchange.

**AIR2HP**  
The flexible and easy to use AIR2HP handheld tool maneuvers in small spaces, around tree roots, shrubs and flowers, as well as drain fields and sand traps, or to spot-treat problem areas.

#### AIR2GO

The all-new AIR2GO shuttle trailer with locking mechanisms to quickly and easily load and unload the AIR2G2 324. The AIR2GO shuttle trailer allows for safe, convenient transport to the next treatment site. There's even a convenient mount for the AIR2HP handheld tool.

#### The AIR2GO Value Pack, Saves Time, Saves Money!

- Gets more done faster!
- Fast load & unload
- One crew member can do it all
- Treat then move quickly between treatment sites
- Safely transport around your facility
- Hooks to any standard hitch, on a cart or truck
- Mounts & safety latches custom-designed for the AIR2G2 324 & AIR2HP
- Combine the power of the AIR2G2 324 with the flexibility of the AIR2HP, and the speed of the AIR2GO, and you've got all the tools you need in one affordable package.
